

Synergetic Neural and Fascial Pathways - 12 CE Hours

Killen, AL March 14-15, 2026 @ Bluewater Institute For Massage Therapy

Join Structural Integrators Magnus Eklund BCSI, LMT 144, & Bobbi Eklund CSSI, LMT 2629

Course Overview: This course explores the dynamic interplay between the fascial network and the nervous system — how they communicate, compensate, and co-regulate movement, posture, and pain. Through the Synergetic Myofascial Method, students will learn manual and energetic approaches to unwind tension in both systems while improving body awareness, mobility, and resilience. This is ideal for practitioners ready to work beyond the muscular layer and into the integrated architecture of nerves, fascia, and energy.

Goal: To provide bodyworkers with practical tools and embodied understanding to assess, unwind, and reintegrate the neck, pelvis, spine, feet and upper body using Synergetic Fascial Neural principles. The course integrates anatomical, functional, and energetic approaches to restore stability, mobility, and fascial and energetic flow from the head down.

Magnus is an Advanced Guild Structural Integrator taught by manual therapy legend Emmett Hutchins, whom was the protégé of Dr Ida Rolf. He studied with Tom Myers & is a KMI/AT certified Structural Integration practitioner. Magnus has worked with many professional athletes in the Olympic games, NFL players & more.

Bobbi is an experienced Structural Integration teacher also certified by Dr. Sue Morter as an Energy Codes® Coach & Body Awake® Yoga teacher. **Magnus & Bobbi** teach Synergetic™ myofascial & Structural Integration CE in the USA. Their clinical practice is in Biloxi MS at Mind & Body Institute. They have a combined 60 yrs experience as manual therapy practitioners. This is a hands-on training with advanced fascial neural techniques!
